

# Thank you for showing you have a 'Heart for Hospice'

Every day, every hour there is a grateful patient and family who has just experienced nursing care the Mary Potter way – individual and meaningful, compassionate and loving. This level of care is really at the heart of the Mary Potter Hospice. You might have experienced this care directly for your loved one.

*"I want to thank each and every one of you for the work you do every day. The smallest things make an enormous difference to both the patient and their family in the most difficult days of their life. If she could have spoken my mum would have thanked you for every single thing you did for her."*

Sandy, after spending 15 days with her mum in the Mary Potter Hospice
